We at Radio Luxembourg are very pleased to have been given the opportunity of becoming so involved in the sport of motor racing during this coming season. As previously announced in the motoring press, we claim to have the largest and most comprehensive racing team in existence today. Altogether a dozen cars will appear in over 95 race meetings in this country as well as the rest of Europe. The whole '208' team consists of five Motul Rondel Formula Two cars led by Tim Schenken, three ShellSPORT Luxembourg Formula 5000 cars led by last years' Formula 5000 champion, Gijs Van Lennep, a BMW 3000 production saloon driven by the one and only Tony Lanfranchi, the world record-breaking John Woolfe dragster driven by champion Dennis Priddle, as well as two other drag vehicles which make their debut this season. Not bad is it?

We shall be promoting heavily the meetings that these cars are involved in, as well as broadcasting a special motoring news spot each Friday evening at 10.15 pm. The series will last all season long.

So that's our involvement in motor racing—the sport we believe is the best and most exciting in the world. We also believe in all modesty that we have the best and most exciting radio station in the world. Why not tune in on your way home today?
